 - a) Primary reason(s) for running: I have been training under the current Int. Sec. for a few years and it is time to take over the reins. I look forward to streamlining the TMLA system to make it easier for all members. I am going to work to improve communication between the chapters and the International Board. Our organization has a lot of great offers that many do not know about. I will work to make them all more public to everyone. Our insurance program is great and I will work to improve it further.
 - b) Vision for future of RKIMC: I look forward to assisting our great organization in its future growth. We are now over 10,000 members worldwide and growing. My goal is to do everything in my power to help streamline our programs to assist all the membership and to improve the communication between the chapters and the Int. Board.
